THREAT COMES FROM GERMANY

That Allies' Policy Might Weld Another Militaristic State

UNITED STATES GETS SPECIAL WARNING

If the Allies Go Beyond the 14 Points of Pres. Wilson

Berlin, Thursday, April 3 (By the Associated Press).—Leading ethical, philosophical and religious societies of Germany have addressed an appeal to President Wilson, giving warning against a disregard of principles to which Mr. Wilson has pledged himself, which, they claim, induced Germany to lay down her arms. The appeal declares that if the Germans are driven to desperation, they would rather become bolsheviks than slaves, and charges the Czechs and Poles with anticipating the conclusions of the peace conference and violating the Wilsonian principles. It says the allies are "not only condoning the acts of the Czechs and Poles, but are supporting those nations."

It is maintained the allies provoked anarchistic conditions in Germany by refusing to relax the blockade. In discussing the possibility of a revival of militarism, the appeal says: "Only one thing could again weld the Germans of every state into a warlike power—the continuation of the policy of hate and annihilation that has been pursued by the allies."

NAVAL RESERVE CANNOT BE HELD

Because of Failure of Congress to Provide an Appropriation

OFFICERS MAY BE KEPT IN SERVICE

Resignations Will Be Accepted as New Officers Are Made

Washington, D. C., April 4.—Because of the failure of Congress to enact the naval appropriation bill with its provision for an increased naval personnel, virtually all members of the naval reserve force on active duty must be released immediately upon the declaration of peace.

In making this announcement to-day, the navy department said that because of this fact and of the great need of officers due both to the continuing activities of the navy and the shortage of regular officers, it would be inadvisable generally to accept the resignation of officers of the temporary navy.

Many of these officers have asked to be relieved from duty so as to return to civil life, but attention was called by the department to the fact that they are under obligation to perform active duty with the navy for a period of not later than six months after the termination of the war. It was announced, however, that resignations of such officers would be accepted as additional officers were made or appointed in the naval force.

Mrs. F. L. Higginson of Boston, chairman of the New England woman's Liberty loan committee, will attend the
